

2018 Swarm List

All PSBA volunteers listed below can capture and remove honey bee swarms in accessible locations at no charge. A swarm is a mass of honey bees hanging from a limb, branch or other object. Please report swarms as soon as possible by contacting a beekeeper from one of the closest areas listed below. If a beekeeper does not immediately respond please leave a message and call the next beekeeper listed. If you have issues finding an available beekeeper in King County please contact the swarm list manager: Jeff 206.354.9774
